

MASTER LOCK® INTEGRATION FOR LISTING AGENTS

To ensure your lockbox integration is complete, make sure your device ID is readily available.

Adding a Master Lock® Bluetooth Lockbox to Your Listing

Step 1

Select the listing you would like to set up for Master Lock® Bluetooth lockbox access.

Step 2

Navigate to the 'Access Information' section of the listing worksheet and under 'Access Details' select a Master Lock® Bluetooth or Combination menu option, depending on the type of Master Lock® lockbox.

Access Information

Access: Select One
Lockbox
Combination
✓ Master Lock Bluetooth
Rently
Risco
SentiLock
Supra iBox

Alarm Details:
Would you like to provide alarm details to the agent for accessing the home?:
 Yes No

Combination is an option to select if your Master Lock® device does not support Bluetooth technology and only supports a traditional combination code to share with the showing agent when the appointment is confirmed.

Step 3

After selecting the Master Lock® Bluetooth option, enter the Lockbox Device ID, Location and a Sharing Code. Click 'Save' to finish the setup.

Access Information

Access Details:
How can the agent access the home?:
Master Lock Bluetooth

Device ID: a23us2
Location: front door
Share Code: 30A4F81AF39000

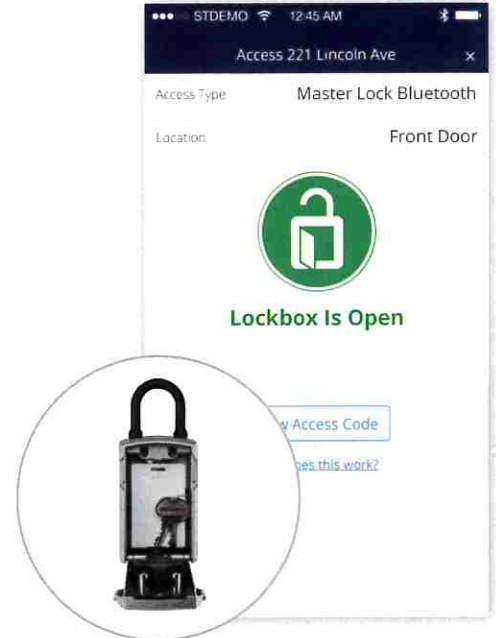

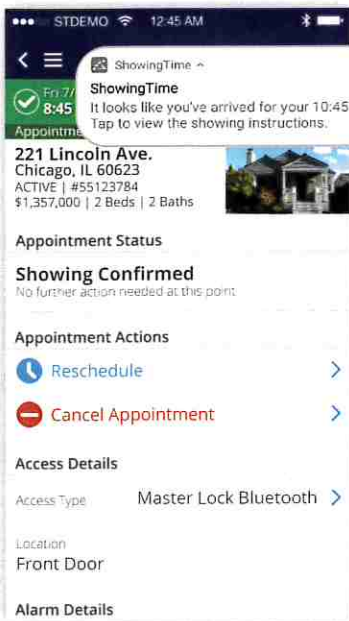

MASTER LOCK® INTEGRATION FOR SHOWING AGENTS

To unlock a Master Lock® Bluetooth device using your smartphone, visit app.showingtime.com to download the ShowingTime app.

Easy and secure access to listings at confirmed appointment times

Impress your clients by using the latest tools available in real estate technology

Step 1

Upon arrival for your showing, you'll receive a notification: "It looks like you've arrived..."

Tap the notification to open the ShowingTime app and view access details for the listing.

Step 2

Turn your phone's Bluetooth on. Tap on the Unlock icon to wake up your Bluetooth enabled Master Lock® lockbox.

Step 3

The lights on the lockbox will change to green, indicating it's ready to be opened.

Note: the access code is always available as a backup should you not have Bluetooth enabled.
